

**VOTE  
GAYE  
McPHIE  
for  
County Assessor**

I regret that time and circumstance has prevented me from making personal contact with you, the voters of Wasatch County during this election campaign, but it is important to me that you know that I am honorable, hardworking, dependable, and experienced in many areas of business and business skills. Since filing for this office last spring, I have devoted a great deal of time in studying the International Association of Appraisers manual "Property Assessment Evaluation," and would expect to certify if elected. I would work diligently to fill the office of County Assessor to the very highest expectations of the citizens of Wasatch County and earnestly solicit your support on November 6.
